Replaces everything after the enacting clause. Amends the Illinois Power Agency Act. Removes provisions concerning the Prevailing Wage Act. In provisions concerning the Adjustable Block program, provides that, if the Illinois Power Agency determines that there is additional capacity needed to meet previous delivery year requirements, certain criteria shall apply. Provides that the total nameplate capacity of colocated projects shall be the sum of the capacities of the individual projects. Provides that affiliates may not have shared sales or revenue-sharing arrangements or common debt and equity financing arrangements. Provides that separate legal formation of approved vendors shall not preclude a finding of affiliation. Provides that evidence of affiliation may include, but is not limited to, shared personnel, common contractual or financing arrangements, a shared interconnection agreement, excessive fragmentation, or any demonstrable pattern of coordinated action in the pre-development, development, construction, and management of community renewable generation projects. Provides that projects that are later sold to distinct legal entities shall not be exempt from a finding of affiliation if documentation indicates that the projects (i) share a common origin on a parcel that has been subdivided in the 5 years prior to application or (ii) were pre-developed prior to construction by the same legal entity or an affiliated legal entity. Provides that, in such cases, the projects shall be treated as colocated for the purposes of aggregate nameplate capacity limitations and Renewable Energy Certificate pricing adjustments. Provides that the Agency shall make exceptions to the amendatory provisions on a case-by-case basis if it is demonstrated that projects on one parcel or projects on adjacent parcels have separate, nonaffiliated owners. Provides that a parcel shall not be divided into multiple parcels within the 5 years preceding a project application. Provides that, if a parcel is divided within the preceding 5 years, a colocation determination shall be made based on the boundaries of the original, undivided parcel. Provides that, for purposes of determining colocation, an approved vendor who submits an application for a community renewable generation project shall be required to submit sufficient documentation verifying (i) the parcel on which the project is sited has not been subdivided within the 5 years preceding the project application, and (ii) the project is not affiliated with any other community renewable generation project such that, if the 2 projects are deemed colocated, the projects would exceed the 5,000 kilowatts nameplate capacity limitation. Provides that a project shall not be colocated with one or more other distributed renewable energy generation projects such that the aggregate nameplate capacity of the projects exceeds 5,000 kilowatts. Sets forth definitions for "colocated", "affiliate", and "control". Makes a conforming change in the definition of "utility-scale solar project". Makes other changes.

Amends the Illinois Insurance Code. Establishes reimbursement rates for mental health and substance use disorder treatment services for all group or individual policies of accident and health insurance or managed care plans that are amended, delivered, issued, or renewed on or after January 1, 2027 or for any contracted third party administering the behavioral health benefits for the insurer. Requires a group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2026 or any contracted third party administering the behavioral health benefits for the insurer to cover certain medically necessary mental health and substance use disorder treatment services. Provides that, if the Department of Insurance determines that an insurer or a contracted third party administering the behavioral health benefits for the insurer has violated a provision concerning mental health and substance use parity, the Department shall by order assess a civil penalty of \$1,000 for each violation. Excludes certain health care plans serving Medicaid populations who are enrolled under the Illinois Public Aid Code or under the Children's Health Insurance Program Act from provisions concerning mental health and substance use parity. Requires the Department to review the impact of the proposed mental health and substance abuse mandate on network adequacy for mental health and substance use disorder treatment and access to affordable mental health and substance use care. Permits the Department to examine out-of-network utilization and out-of-pocket costs for insureds for mental health and substance use treatment and services for all plans to compare with in-network utilization. HB 01085 (Continued)

Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. Replaces provisions concerning reimbursement for in-network mental health and substance use disorder treatment services. Provides that, consistent with the principles of the federal Mental Health Parity and Addiction Equity Act of 2008, and for the purposes of strengthening network adequacy for mental health and substance use disorder services and lowering out-of-network utilization, the Department of Human Services, by rule, shall determine a reimbursement rate floor for all in-network mental health and substance use disorder services, including inpatient services, outpatient services, office visits, and residential care, delivered by Illinois providers and facilities using the Illinois data in Research Triangle Institute International's study. Sets forth provisions concerning requirements for the reimbursement rate floor. Grants the Department of Insurance enforcement and monitoring authority over the reimbursement rate floor and requires the Department to publish the rate floor set by the Department of Human Services in Title 50 of the Illinois Administrative Code. Provides that, at the end of 2 years, 7 years, and 12 years (rather than 5 years, 10 years, and 15 years) following the implementation of provisions concerning the reimbursement rate floor, the Department of Insurance shall review the impact of provisions concerning mental health and substance use parity on network adequacy for mental health and substance use disorder treatment and access to affordable mental health and substance use care. Requires the Department to submit a report to the General Assembly by no later than December 31, 2030, December 31, 2035, and December 31, 2040 (rather than by December 31, 2033, December 31, 2038, and December 31, 2043) that includes its analyses and findings following the Department's review. Makes changes in provisions granting the Department of Insurance the authority to examine out-of-network utilization and out-of-pocket costs. Provides that the Department of Insurance and the Department of Human Services (rather than only the Department of Insurance) shall adopt any rules necessary to implement provisions concerning mental health and substance use parity by no later than May 1, 2026. Removes provisions amending the Health Maintenance Organization Act. Effective immediately.

105 ILCS 5/34-18.88 new

Amends the School Code. Provides that a school board shall prohibit a school from using a native name, logo, or mascot; defines "native name, logo, or mascot". However, provides that a school may continue to use uniforms or other materials bearing a native name, logo, or mascot that were purchased on or before the effective date of the amendatory Act until September 1, 2028 if specified requirements are met.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the School Code. Provides that a school board shall prohibit a school from using a native name, logo, or mascot. Provides, however, that a school may continue to use uniforms or other materials bearing a native name, logo, or mascot that were purchased on or before the effective date of the amendatory Act until September 1, 2028 if specified requirements are met. Provides that for any school whose team name is the name of a federally recognized tribe or historical Native American person, the school may continue to use its current team name and an agreed upon logo and mascot on and after the effective date of the amendatory Act if certain conditions are met. Provides that nothing in the provisions may be interpreted to prohibit county, municipality, or school district names.

Fiscal Note, House Committee Amendment No. 1 (State Board of Education)

HB 1237 (H-AM 1) provides that a school board shall prohibit a school from using a native name, logo, or mascot; defines "native name, logo, or mascot". However, provides that a school may continue to use uniforms or other materials bearing a native name, logo, or mascot that were purchased on or before the effective date of the amendatory Act until September 1, 2028, if specified requirements are met. This change would not have a fiscal impact to the State Board of Education. School districts and schools that use mascots as defined above would incur unknown costs over time during implementation of this bill. The State Board of Education recommends the sponsors consult with Illinois Association of School Administrators, Illinois Association of School Boards, or the Illinois High School Association regarding costs to schools and districts.

House Floor Amendment No. 4

Replaces everything after the enacting clause with the provisions of House Amendment No. 1, and makes the following changes: Allows a school to continue to use uniforms or other materials bearing a native name, logo, or mascot that were purchased on or before the effective date of the amendatory Act until September 1, 2030 (rather than 2028) if the school sets forth a reasonable timeline for the selection of a new school or athletic team name, logo, or mascot through formal school board action no later than July 1, 2026 (rather than if certain requirements are met). Includes a marquee, sign, or other permanent school structure that bears the prohibited native name, logo, or mascot that the school shall remove the next time the marquee, sign, or other permanent school structure is remodeled or replaced. Provides that if either a school or federally recognized tribe wishes to terminate consent to use a native name, logo, or mascot, the school shall select a new school or athletic team name, logo, or mascot through formal school board action no later than one year from the date of termination and shall discontinue use of the name, logo, or mascot no later than 3 years from the date of termination (rather than providing that if either a school or federally recognized tribe wishes to terminate an agreement, the school has one year from the date of termination to discontinue its use of the name, logo, or mascot). Makes other changes. Adds an effective date of July 1, 2026.

HB 01807

Rep. Terra Costa Howard-Sharon Chung, Yolonda Morris, Joyce Mason and Maura Hirschauer

(Sen. Javier L. Cervantes)

225 ILCS 65/60-5

225 ILCS 65/60-10

Amends the Nurse Practice Act. Makes changes to the requirements for a registered professional nursing education program in provisions concerning the establishment of a new program, program policies, faculty members, training and development, the program's curriculum, the program's use of simulation, the accreditation process, approval by the Board of Nursing, and the program closure process. Makes a conforming change. Provides that the Department of Financial and Professional Regulation may, without hearing, rescind the license of any person who obtain a license after completing a program or obtaining credit from a program that does not meet the requirements of the provisions regarding registered professional nursing education programs. In provisions concerning nursing licensure by examination, removes the provision regarding the good standing period for professional nursing programs on probationary status.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Requires the approval of the Department of Financial and Professional Regulation for certain aspects of nursing education programs. Provides that a nursing education program may not use simulation as a substitute for traditional clinical experience for more than 25% (rather than 50%) of a course's total clinical hours. Provides that programs may seek an exception to the simulation limitation from the Board of Nursing and must follow the requirements set forth in the "Guidelines for the Use of Simulation by Prelicensure Nursing Programs" as published on the Department's website. Provides that if the Department obtains evidence at any time that a registered professional nursing program does not comply with the Act, it may perform an unannounced site visit. Provides that the Department may, without a hearing, rescind the license of an individual who has been identified by a federal investigation as presenting illegitimate educational credentials that have been flagged by the National Council of State Boards of Nursing (rather than the license of any person who obtained a license after completing a program or obtaining credit from a program that does not meet the requirements of the amendatory provisions). Sets forth provisions concerning notice and review of a rescission. Provides that a rescission shall not constitute discipline as provided in the Act and shall not be an automatic bar to licensure if the applicant elects to re-apply (rather than shall not constitute discipline as provided in the Act). Provides that the amendatory provisions shall not prevent the Department from considering a rescission during a future regulatory action. Removes provisions concerning what a registered professional nursing education program must do when it loses its national accreditation, when the Board may withdraw its approval of a registered professional nursing education program, the closing of a registered professional nursing education program due to withdrawal of Board approval or due to voluntary closure, and mitigation efforts by a registered professional nursing education program during a declared state of emergency. Makes other changes. Effective July 1, 2026.

Amends the Children and Family Services Act. Provides that all youth in care shall be assigned a mental health provider to manage their mental health care needs. Requires a youth's mental health provider to visit the youth and conduct a well-being assessment within 30 days after the youth is removed from his or her home and placed in the temporary custody or guardianship of the Department of Children and Family Services. Provides that additional follow-up visits and well-being checks shall be scheduled and conducted until the youth is no longer under the custody or guardianship of the Department. Provides that any mental health care services provided to the youth shall be in addition to any care or services the youth receives from his or her primary care provider. Grants the Department rulemaking authority.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Amends the Children and Family Services Act. Provides that, no later than 45 days after a youth in care is removed from the youth's home and placed in the temporary custody or guardianship of the Department of Children and Family Services, and every year thereafter, a youth in care shall receive mental health prevention and wellness screenings unless the youth in care is (1) less than 6 months of age; (2) 12 years of age or older and does not consent to receiving mental health services; or (3) already being treated by a mental health clinician. Provides that, if the required screening results in a recommendation of mental health care for the youth, the youth's caseworker shall coordinate the delivery of mental health care and related services recommended for the youth. Specifies that, if the youth in care is covered under the State's Medicaid managed care program, the managed care plan shall ensure that the youth has access to a mental health provider who will begin serving the youth within 30 days after receipt of the referral from the screening and who satisfies certain availability and proximity requirements. Requires the Department of Children and Family Services and the Department of Healthcare and Family Services to ensure that any managed care plan that is in effect, amended, delivered, issued, or renewed on or after January 1, 2026 will require managed care organizations to meet these obligations if the managed care plan serves youth in care under the State's Medicaid managed care program. Specifies that any mental health care and related services provided to the youth shall be in addition to any other care or services the youth receives from the youth's primary care provider. Grants the Department of Children and Family Services rulemaking powers to implement these provisions, including the power to adopt rules to promote a holistic and proactive approach to the provision of mental health care for youth in care. Defines "mental health and wellness screening".

Provides that the Agency shall make available a public dashboard with resources on electric vehicles, charging infrastructure, applicant and vehicle eligibility, participating dealers, State incentives, and as up-to-date as is feasible remaining funding availability for the fiscal year. Requires a purchaser to purchase an electric vehicle in Illinois on or after July 1, 2022 (rather than July 1, 2026). Reinserts stricken provisions that require a purchaser to apply for the rebate within 180 (rather than 90) days, with certain other requirements. Requires a purchaser to apply for the rebate during an open rebate cycle and certify that the purchaser qualifies as an eligible applicant and a low-income applicant, if applicable. Provides that, for program auditing purposes, the Agency may request from a rebate recipient certain information for a rebate issued on or after July 1, 2025, and that the rebate recipient may be required to reimburse all or part of the rebate amount in certain circumstances. Amends the Illinois Trust Code. Requires a trustee to maintain, for a minimum of 7 years after the termination of the trust, a copy of the governing trust instrument under which the trustee was authorized to act at the time the trust terminated. Amends the Revised Uniform Unclaimed Property Act. Provides that property held in an account or plan, including a health savings account, that qualifies for tax deferral under the United States income tax law, is presumed abandoned 20 years after the account was opened. Requires State agencies to report final compensation due a State employee to the Treasurer's Office as unclaimed property if the employee dies while employed. Requires a holder who holds property presumed abandoned to hold the property in trust for the benefit of the State Treasurer on behalf of the owner from and after the date the property is presumed abandoned. Requires that the State Treasurer provide written notice to a State agency and the Governor's Office of Management and Budget of property presumed to be abandoned and allegedly owned by the State agency before it can be escheated to the State's General Revenue Fund if the property remains unclaimed after one year. Creates authority for the Secretary of the Department of Financial and Professional Regulation to order a regulated person under the Act to immediately report and remit property subject to the Act if the Secretary determines that the action is necessary to protect the interest of an owner. Establishes a procedure regulating agreements between an owner or apparent owner and a finder to locate or recover property held by the State Treasurer. Requires a finder to be licensed by the State Treasurer and creates qualifications to be so licensed. Makes definitions. Makes other changes. The Treasurer is authorized to adopt rules as necessary to implement the Act. Effective immediately.

Provides that if the State Treasurer reasonably believes that the apparent owner of property presumed abandoned held under this Act is a State agency as defined in the Illinois State Auditing Act, the State Treasurer may give written notice to the chief executive officer of such State agency and the Governor's Office of Management and Budget. Requires that, before the termination of a trust, a trustee must conduct a reasonable search for any trust property that has been reported and remitted to a State unclaimed property administrator. Provides that, in the tenth year after the opening of an account holding property covered by the Act for which the apparent owner has not, within the previous 3 years, indicated interest under the Act and that is not otherwise presumed abandoned, the holder shall attempt to contact the apparent owner in a manner substantially similar to the notice required by the Act. Requires the State Treasurer to adopt rules to implement the Act. 305 ILCS 5/5-54 new

Amends the Prior Authorization Reform Act and the Illinois Public Aid Code. Provides that a health insurance issuer, the fee-for-service medical assistance program, and a Medicaid managed care organization may not require prior authorization for the following prescription drug types and their therapeutic equivalents approved by the United States Food and Drug Administration: human immunodeficiency virus pre-exposure prophylaxis and post-exposure prophylaxis medication or human immunodeficiency virus treatment medication. Effective January 1, 2027.

House Committee Amendment No. 1

Adds reference to:

215 ILCS 5/356z.60

Adds reference to:

305 ILCS 5/5-5.12

from Ch. 23, par. 5-5.12

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Amends the Illinois Public Aid Code. In provisions concerning utilization controls, removes provisions concerning drugs for the treatment of HIV or AIDS. Amends the Illinois Insurance Code to include pre-PrEP HIV screening, sexually transmitted infection screening, kidney function analysis, routine laboratory testing, and routine provider visits as covered follow-up services in provisions requiring an individual or group policy of accident and health insurance to provide coverage for all abortifacients, hormonal therapy medication, human immunodeficiency virus pre-exposure prophylaxis, and post-exposure prophylaxis drugs approved by the United States Food and Drug Administration, and follow-up services related to that coverage. Effective on January 1, 2027.

Judicial Note (Admin Office of the Illinois Courts)

Based on a review of HB2584, as amended by House Amendment 1, the legislation will not increase or decrease the number of judges needed in the state of Illinois.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to House Bill 2584, as amended by House Amendment 1 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Pension Note (Government Forecasting & Accountability)

HB 2584, as amended by HA 1, will not impact any public pension fund or retirement system in the State of Illinois.

State Debt Impact Note (Government Forecasting & Accountability)

HB 2584, House Amendment 1, would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

Fiscal Note (Dept. of Healthcare & Family Services)

HB2584 has an estimated annualized cost to the Illinois Medical Assistance Program of \$48.8 million due to a total loss of supplemental rebate revenue for the Illinois Department of Healthcare and Family Services and utilization shifts to higher-cost medications. The majority of this annual cost is due to the loss of supplemental rebate revenue.

Racial Impact Note (Dept. of Healthcare & Family Services)

Changes to the Public Aid Code proposed in House Bill 2584, as amended by House Amendment # 1, would impact approximately 18,000 Medicaid customers currently utilizing the medications as described. A total of 62% of current Medicaid customers utilizing these medications self-report as racial or ethnic minorities. This is higher than 35% of the entire population of Medicaid customers who identify as racial or ethnic minorities. The trend over the last 3 years is mostly steady for Medicaid customers identifying as racial or ethnic minorities who utilize the medications. The procedural changes proposed by HA #1 would impact all Medicaid customers utilizing or who may utilize these medications in the future.

Rep. Ann M. Williams

(Sen. Ram Villivalam)

625 ILCS 5/2-118 from Ch. 95 1/2, par. 2-118

625 ILCS 5/6-205

625 ILCS 5/6-206

625 ILCS 5/6-208 from Ch. 95 1/2, par. 6-208

Amends the Illinois Vehicle Code. Allows a person to request an informal hearing regarding a suspension, revocation, or denial of the issuance of a license, permit, registration, or certificate of title at a Secretary of State driver services facility. Provides that if a person is convicted of a specified offense and the use of alcohol or other drugs is stated as an element of the offense, the Secretary may issue to the person a restricted driving permit granting the privilege of driving a motor vehicle 6 days per week, 12 hours per day within a 200-mile radius of the person's residence for any legal purpose. In provisions regarding the mandatory revocation of a license or permit, the discretionary authority to suspend or revoke a license or permit, and the period of suspension, provides that some convictions may be based on a similar out-of-state offense or similar offense committed on a military installation. Allows the Secretary to grant an employment exception to the prohibition against driving a vehicle that is not equipped with an ignition interlock device if the person is operating an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. Makes other and conforming changes.

House Committee Amendment No. 1

Adds reference to:

625 ILCS 5/6-203.1 from Ch. 95 1/2, par. 6-203.1

Adds reference to:

625 ILCS 5/6-206.1 from Ch. 95 1/2, par. 6-206.1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes: Provides that a person whose license was suspended and was issued a monitoring device driving permit and who is subsequently convicted of the underlying charge, for the same incident, shall be given credit for time served on the monitoring device driving permit towards any mandatory ignition interlock requirement resulting from the conviction if the person had no ignition interlock violations while on the monitoring device driving permit. In a provision regarding monitoring device driving permits (MDDP), removes language that provides that: upon receipt of the notice, the person may file a petition to decline issuance of the MDDP with the court of venue; the court shall admonish the offender of all consequences of declining issuance of the MDDP, and, after being so admonished, the offender shall be permitted to execute a notice declining issuance of the MDDP which shall be filed with the court and forwarded by the clerk of the court to the Secretary of State; and the offender may, at any time thereafter, apply to the Secretary for issuance of a MDDP. Makes other changes.

Amends the Underserved Health Care Provider Workforce Act. Changes the definition of "designated shortage area" to mean an area designated as a medically underserved area or a health professional shortage area (rather than a physician shortage area, a medically underserved area, or a critical health manpower shortage area). Changes the term "eligible medical student" to "eligible student", and includes in the definition of that term a person who is studying optometry in an optometry college or institution located in Illinois and that a person may agree to practice full-time in a designated shortage area as an optometrist or anesthesiologist one year for each year he or she is a scholarship recipient. Includes a rural health center, a federally qualified health center, a federally qualified health center look alike, and an optometric office in the definition of "medical facility". Includes an optometrist in the definition of "eligible health care provider". Includes an obstetrician or gynecologist in the definition of "primary care physician". Includes loan repayment recipients in a provision regarding scholarship recipients who fail to fulfill specified obligations, and provides that the amounts paid by these scholarship or loan repayment recipients shall be deposited into the fund where the payment originated from (rather than the Community Health Center Care Fund). Repeals a different provision defining "primary care physician". Effective January 1, 2026.

House Committee Amendment No. 1

Provides that "eligible student" includes a person who, among other qualifications, agrees to practice full-time in a Designated Shortage Area as an ophthalmologist one year for each year he or she is a scholarship recipient. Provides that "eligible health care provider" and "primary care physician" include an ophthalmologist.

New Act

5 ILCS 140/7.5

625 ILCS 5/3-400

from Ch. 95 1/2, par. 3-400

625 ILCS 5/11-612

625 ILCS 7/Act rep.

Creates the Highway Work Zone Safety Act. Requires the Department of Transportation, in coordination with the Illinois State Police, to establish the Highway Work Zone Speed Control Program for the purposes of enforcing the speed limits established for construction or maintenance speed zones. Requires the Illinois State Police, in conjunction with the Department of Transportation and the Illinois State Toll Highway Authority, to set up and operate automated traffic control systems in highway construction and maintenance speed zones to detect violations of posted work zone speed limits. Allows the Department of Transportation or the Illinois State Police to employ automated traffic control system operators to operate automated traffic control systems in construction or maintenance speed zones. Provides, with exceptions, that information and photographs or recorded images collected under the Program are not discoverable by court order as evidence in a proceeding. Requires information and photographs or recorded images collected under the Program to be destroyed not later than 2 years after the date the information and photographs or recorded images are collected. Provides that information and photographs or recorded images collected under the Program are the exclusive property of the State and not the property of the manufacturer or vendor of the automated traffic control system. Prohibits the use of a photograph or recorded image obtained through the use of an automated traffic control system for the purpose of enforcing a traffic offense. Provides that a person who owns a motor vehicle that is identified by an automated traffic control system as operating in a construction or maintenance speed zone at a speed in excess of the posted speed limit commits a civil law violation that is punishable by a minimum fine of \$100 and a maximum fine of \$200. Grants rulemaking authority to the Department of Transportation to implement and administer the Act. Makes other changes. Makes corresponding changes in the Freedom of Information Act and the Illinois Vehicle Code. Repeals the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act. Effective January 1, 2027, except provisions regarding procurement and rulemaking are effective immediately.

House Committee Amendment No. 1

Adds reference to:

625 ILCS 5/11-605.1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes. Changes the term "automatic traffic control system" to "work zone speed safety camera system". Changes the name of the Program from the Highway Work Zone Speed Control Program to the Highway Work Zone Safety Speed Control Program. Removes language providing that information collected under the Program must be destroyed not later than 2 years after the date the information is collected. Further amends the Illinois Vehicle Code. Provides that highway construction or maintenance speed zone special speed limit signs must state that higher fines apply (rather than state the amount of the minimum fine) for a violation. Changes the effective date of the date to immediate, except that the repeal of the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act is effective January 1, 2027.

House Floor Amendment No. 3

Adds reference to:

625 ILCS 5/12-502

from Ch. 95 1/2, par. 12-502

Further amends the Illinois Vehicle Code. Allows public transit vehicles to use an electronic rear-view monitoring system on commercial motor vehicles owned by the agency and the mirror requirements of the Code of Federal Regulations so long as an exemption to the Code of Federal Regulations granted by the Federal Motor Carrier Safety Administration remains in effect.

Provides that the notice shall be sent to the customers in the same manner as the customers' monthly bills, either by mail or electronically. Provides that the notice shall be mailed or electronically delivered with the customers' bills, on a page separate from the bill itself, and in no less than 12-point font. Provides that the notice shall include (i) information about the public meeting being held prior to the acquisition, (ii) information on the public body that will make the decision regarding the sale of the water or sewer utility, and (iii) a comparison of the current rate being charged by the water or sewer utility being acquired, the rate that is expected to be charged immediately following the acquisition, and the effect on rates if the acquisition does not proceed.

105 ILCS 5/24-12

Amends the School Code. Allows a teacher to grieve the issuance of a warning regarding causes that are considered remediable pursuant to the applicable collective bargaining agreement to determine whether the school district had just cause in issuing the warning. Requires notice of remedial warnings to be narrowly specify the nature of the alleged misconduct that needs to be remedied. Provides that general allegations of unprofessional conduct are insufficient to link together otherwise unrelated offenses as related. Provides that under no circumstances shall a notice of remedial warning remain effective or within a teacher's personnel file or record for longer than 3 years from the date of the occurrence which gave rise to the issuance of the notice of remedial warning. Effective immediately.

House Floor Amendment No. 1

Provides that nothing in the Section concerning the removal or dismissal of teachers in contractual continued service precludes a school board from asserting that the specific conduct alleged in an original notice of remedial warning letter is part of an alleged pattern of behavior, but the original warning or subsequent action taken must be reasonably related to the specific conduct alleged. Removes the language that provides that general allegations of unprofessional conduct or similar phrases are insufficient to link together otherwise unrelated offenses as related. Provides that under no circumstances may a notice of remedial warning remain effective for longer than 4 years from the date of the issuance of the notice of remedial warning (rather than remain effective or within a teacher's personnel file or record for longer than 3 years from the date of the occurrence which gave rise to the issuance of the notice of remedial warning). Requires the school district to use reasonable efforts to remove the notice of remedial warning from the teacher's personnel file after the 4 years have elapsed or sooner if agreed through the exclusive bargaining representative. Corrects grammatical and terminology errors.

Senate Committee Amendment No. 1

105 ILCS 5/27-23.19 new

Amends the Courses of Study Article of the School Code. Provides that, beginning with the 2026-2027 school year, every public elementary school and high school shall include in its curriculum a unit of instruction studying the events of Arab American history, including the history of Arab Americans in the State and the Midwest, as well as the contributions of Arab Americans from the 19th century onward. Provides that the State Superintendent of Education may prepare and make available to all school boards instructional materials, including those established by the Public Broadcasting Service, that may be used as guidelines for the development of the unit of instruction. Provides that each school board shall determine the minimum amount of instructional time that qualifies as a unit of instruction. Provides that the regional superintendent of schools shall monitor a school district's compliance with the curricular requirements during the regional superintendent's annual compliance visit. Provides that a school may meet the requirements through an online program or course. Effective immediately.

Fiscal Note (State Board of Education)

This change would have a fiscal impact on the Illinois State Board of Education, with estimated costs of \$8,764 for implementation. While there may also be increased costs to school districts, regional offices of education, and public schools, those amounts are currently unknown. The State Board of Education recommends that sponsors consult with relevant stakeholders to better understand the potential costs to districts.

New Act

105 ILCS 5/27A-5

Creates the Right to Play Act. Provides that a student who is a member of a school athletic activity may participate in a nonschool athletic activity that is of the same sport as the school athletic activity during the season in which the student participates in the school athletic activity without losing eligibility to participate in the school athletic activity, provided that the student may not participate in both the nonschool athletic activity and a school athletic practice or competition for the same sport on the same day.

House Floor Amendment No. 1

Provides that the student may participate with a waiver granted by the principal or athletic director from the student's school. Provides that the waiver may also apply to "all-star team" events and that up to 2 waivers per student may be granted over the course of each school year. Requires the waiver to be reported by the school granting the waiver to an association or other entity that has as one of its purposes promoting, sponsoring, regulating, or in any manner providing for interscholastic athletics or any form of athletic competition among schools and students within the State. Removes language that provides that the student may not participate in both the nonschool athletic activity and a school athletic practice or competition for the same sport on the same day. Corrects terminology and typographical errors.

105 ILCS 25/1.12 new

105 ILCS 128/60

Amends the Interscholastic Athletic Organization Act. Provides that an association or other entity that has as one of its purposes promoting, sponsoring, regulating, or in any manner providing for interscholastic athletics or any form of athletic competition among schools and students within this State shall require all school coaches to obtain and maintain certification in cardiopulmonary resuscitation (CPR), first aid, and the use of an automatic external defibrillator (AED). Requires certification in CPR and AED use to be consistent with national, evidence-based, emergency cardiovascular care guidelines. Amends the School Safety Drill Act. Provides that a cardiac emergency response plan shall include (i) establishing a cardiac emergency response team that is certified in cardiopulmonary resuscitation and the use of an automated external defibrillator and (ii) the use of annual cardiac response drills to practice the steps established in the cardiac emergency response plan, in partnership with local emergency medical services. Makes other changes concerning the plan.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes. In the Interscholastic Athletic Organization Act, requires all paid school head coaches or chief sponsors of the activity (rather than all school coaches) to obtain and maintain certification in cardiopulmonary resuscitation (CPR), first aid, and the use of an automatic external defibrillator (AED). In the School Safety Drill Act, requires a cardiac emergency response plan to include training on symptom and warning signs of sudden cardiac arrest, hands-only CPR, and use of AEDs (rather than information on hands-only CPR and use of AEDs) and establishing a cardiac emergency response team trained in CPR and the use of an AED consistent with national evidence-based emergency cardiovascular care guidelines, and provides that cardiac response drills may be conducted without student participation.

New Act

Creates the Utility Data Access Act. Requires the Illinois Commerce Commission to enact the following procedures: (1) a utility shall retain all consumption data for a period of not less than 2 years; (2) a qualified utility shall retain monthly consumption data used for billing for a period of not less than 15 years; (3) a utility shall honor an account holder's request to transmit the account holder's covered usage data held by the utility to any entity designated by the account holder; (4) a qualified data recipient with respect to a qualified building or qualified property may request that a qualified utility provide aggregated usage data for the qualified building or qualified property; (5) a utility shall deliver requested data on a schedule set by the Commission; and (6) the account holder request process and utility delivery of requested data shall be convenient and secure. Establishes requirements for: the Commission's participation in a stakeholder process; the form and timeline in which covered usage data is provided to the data recipient; entry of data into the benchmarking tool; and the provision of covered usage data to recipients upon account holder authorization. Provides that, except in cases where the utility has not followed processes established by the Act or the utility is grossly negligent, the utility shall be held harmless for third-party misuse of data shared under the Act and no cause of action may be initiated against the utility for such subsequent misuse. Provides that prior to filing for cost recovery, a qualified utility must first demonstrate good faith efforts to secure federal, State, or other relevant funding options. Sets forth provisions regarding funding for the Commission to carry out its responsibilities under the Act and the Commission selecting and engaging outside consultants with experience in benchmarking and utility data access. States findings. Defines terms.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. In provisions concerning utility data access, provides that the Illinois Commerce Commission shall enact procedures whereby a qualified utility shall retain, for a period of not less than 7 years, monthly consumption data that reflects consumption that occurred in or after 2022 and that was used for billing (rather than a qualified utility shall retain monthly consumption data used for billing for a period of not less than 15 years). Provides that a qualified utility shall retain, for a period of not less than 15 years, monthly consumption data that reflects consumption that occurred in or after 2028 and that was used for billing. Provides that the account holder request process and utility delivery of requested data shall be convenient and secure, and, at the Commission's direction, requests to the utility may be submitted exclusively through an online portal (rather than only the request process shall be convenient and secure). Provides that data recipients may request and receive timely revisions correcting erroneous utility data. Removes provisions concerning the stakeholder process. Provides that, for any covered usage data that a utility provides to a data recipient must be available to be requested online, except that a nonqualified utility may provide only paper request forms upon a showing of hardship (rather than the covered usage data must be available to be requested online and in printable paper form). Makes other changes.

Amends the Juvenile Court Act of 1987. In the Abused, Neglected, or Dependent Minors Article of the Act, provides that an environment is injurious to the minor's welfare if conditions in the child's environment create a real, significant and imminent likelihood of harm to the child's health, well-being, or welfare and the parent or caretaker blatantly disregarded his or her parental responsibility to prevent or mitigate such harm consistent with the health, safety, and best interests of the minor to remain in the custody of a parent, guardian, or custodian who experienced domestic violence unless the court determines the parent, guardian, or custodian who experienced domestic violence has committed acts or omissions unrelated to domestic violence against that parent, guardian, or custodian resulting in a determination of abuse or neglect under the Act. Provides that in making a custody determination, the court shall presume that it is consistent with the health, safety, and best interests of the minor to remain in the custody of a parent, guardian, or custodian who experienced domestic violence, unless the court has determined that the parent, guardian, or custodian who experienced domestic violence has committed acts or omissions unrelated to domestic violence against that parent, guardian, or custodian that is sufficient to independently support a determination of abuse or neglect under the Act. Defines "domestic violence".

Adds reference to:

325 ILCS 5/3

from Ch. 23, par. 2053

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with certain changes. In the amendatory changes to the Juvenile Court Act of 1987, provides that for purposes of determining whether a minor is neglected, provides that an environment is injurious if conditions in the child's environment create a real, significant and imminent likelihood of severe harm to the child's health, physical well-being, or welfare and the parent or caretaker blatantly disregarded his or her parental responsibility to prevent or mitigate such harm as defined in the Abused and Neglected Child Reporting Act. Provides that domestic violence that is perpetrated against someone other than the minor where there is no demonstrated likelihood of present and imminent bodily harm to the minor is not sufficient to determine that an urgent and immediate necessity exists to remove a minor from a parent who is not the perpetrator of that domestic violence. Provides that in making findings as to whether a minor has been abused, neglected, or dependent, the factual basis supporting a determination that the child has been abused, neglected, or dependent must be sufficient and independent of exposure to domestic violence that is perpetrated against someone other than the child where there is no demonstrated likelihood of imminent bodily harm to the child. Makes other changes. Amends the Abused and Neglected Child Reporting Act to make conforming changes.

New Act

Creates the Geothermal Homes and Business Act. Provides that, beginning January 1, 2026, the long-term renewable resources procurement plan developed by the Illinois Power Agency shall include a Geothermal Homes and Business Program for the procurement of geothermal renewable energy credits. Sets forth provisions concerning the geothermal heating and cooling system calculation methodology; Program block allocation; Program block pricing; approved vendors; contract terms; utility cost recovery; extenuating circumstances; administration of the Act by the Illinois Power Agency; and the prohibition of double claiming geothermal renewable energy credits. Effective immediately.

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. In provisions concerning program establishment, provides that the Program shall function as a separate and distinct procurement program that does not draw from the allocation and funding of renewable energy credits from other sources. In provisions concerning program block allocation, provides that at least 33% (rather than 50%) of each annual block shall be reserved by systems that meet the Illinois Power Agency's definition of "residential". In provisions concerning project terms, provides that applicant firms shall have advanced capital disbursed before geothermal renewable energy credits are first generated (rather than after the geothermal heating and cooling system is operational but before geothermal renewable energy credits are first generated). In provisions concerning advanced capital, provides that the amount or percentage of capital advanced for residential systems (rather than for all systems) shall be at the discretion of the Agency by not less than 40% of the total contract. Provides that the amount or percentage of capital advanced for commercial, public, or environmental justice systems shall be at the discretion of the Agency. In provisions concerning contract terms, provides that each project shall be subject to the requirements of the Prevailing Wage Act. Provides that the Agency shall require verification that, for all construction for a project that was performed by a renewable energy credit delivery contract holder, its contractors, or its subcontractors, the construction employees received an amount for the work equal to or greater than the general prevailing rate. Provides that geothermal renewable energy credits for any single geothermal heating and cooling project that is 285 tons or larger and is procured after the effective date of the amendatory provisions shall be from a project built by general contractors that entered into a project labor agreement prior to construction. Provides that the project labor agreement shall be filed with the Director in accordance with procedures established by the Agency through its long-term renewable resources procurement plan. Amends the Illinois Power Agency Act. Makes a change to the definition of "renewable energy resources". Amends the Public Utilities Act. In provisions concerning the recovery of costs associated with the provision of delivery and other services, provides that an electric utility shall be entitled to recover through tariffed charges all costs associated with the purchase of geothermal renewable energy credits pursuant to the Geothermal Homes and Businesses Act. In provisions concerning procurement, provides that, beginning with the delivery year commencing on June 1, 2026, an electric utility shall procure geothermal renewable energy credits in accordance with the applicable provisions set forth in the Geothermal Homes and Businesses Act. Makes other changes. Effective immediately.

House Floor Amendment No. 2

In provisions concerning the length of contracts under the Geothermal Homes and Businesses Program, provides that, for geothermal renewable energy credits that qualify and are procured under the Program, the length of a geothermal renewable energy credits delivery contract shall be 15 years (rather than 25 years). In provisions concerning the Illinois Power Agency administration of the Program, provides that the Agency may use any existing program administrator and applicable subcontractors to develop, administer, implement, operate, and evaluate the Program (rather than the Agency shall be authorized to retain one or more experts or expert consulting firms to develop, administer, implement, operate, and evaluate the Program and the Agency shall retain the consultant or consultants in the same manner, to the extent practicable, as the Agency retains others to administer provisions of this Act, including, but not limited to, the procurement administrator). Adds provisions concerning the cost recovery of generating units.

225 ILCS 410/1-7

from Ch. 111, par. 1701-7

Amends the Department of Professional Regulation Law of the Civil Administrative Code of Illinois. In provisions concerning applicants with criminal convictions, requires the Department of Financial and Professional Regulation to consider various factors when considering whether a prior conviction is directly related to the ability of an applicant to safely perform the duties, functions, and responsibilities of the position (instead of whether a prior conviction will impair the ability of the applicant to engage in the practice). Removes the requirement that a person who is licensed or registered to engage in any of the professions licensed or registered by the Department be of good moral character. Prohibits the Department from using a vague term in its consideration of a criminal record and decision regarding whether a criminal record is disqualifying for licensure, certification, or registration, including, but not limited to, "good moral character", "moral turpitude", or "character and fitness". Makes other changes. Amends the Barber, Cosmetology, Esthetics, Hair Braiding, and Nail Technology Act of 1985. Provides that no application shall be automatically placed on hold, delayed, denied, or otherwise not processed by the Department because it was submitted by a person who is incarcerated. Provides that when determining the qualifications for a license, the Department shall include practice that is supervised by a licensee while a person is incarcerated.
